LIFE HISTORY FORM Example

For each year of your child's life, please write several short sentences describing important events or milestones during the course of each year. This information will be read aloud to the class as your child walks around the "sun" holding the "earth", (globe).

Note: Please make sure to fill out the form up to and including the birthday your child will celebrate with us this year.

Birth to 1st Birthday:

I was born on Feb. 14, 2004. I weighed 9 lbs. and I was a very long baby. My two brothers loved to help Mom take care of me. I began crawling when I was 6 months old, and I took my first steps near my 1st birthday.

Now I am One!

2nd Year:

I am talking a lot now and trying to do everything my brothers do. I love to go into their rooms and play with everything. My whole family went camping, and I stepped on some hot coals and burned my foot. I got a big blister on my foot, and the doctor had to take it off.... (just checking to see if you're reading...) I just ate raisins and didn't cry.

Now, I am Two!

3rd Year:

My baby brother, Tom was born. I couldn't wait for my Mom and Tom to come home. We made a welcome sign for them. My grandparents came from Kansas to visit us and see the new baby. I started at Avon Montessori School!! I am in the morning class and am making lots of friends.

Now, I am Three!

4th Year:

I am back at Avon Montessori School and in the afternoon class. I am learning sounds, and I am learning how to write my name. This year my family went to Disney World! It was really fun. I learned how to ride a bicycle (with training wheels), and how to swim!

Now, I am Four!

5th Year:

I am so excited to be back at school as a Kindergartener! I can read "Bob" books to my classmates and my Mom and Dad. I love counting beads and painting pictures! This year, I am playing soccer. I learned how to ride my bike without training wheels!!!

Now, I am Five!
